Source History

```
57
58     System.out.println("---->id<----");
59     id = scanner.nextInt();
60
61     System.out.println("- name --> ");
62     name = scanner.next();
63
64     System.out.println("--color-->");
65     color = scanner.next();
66
67     System.out.println("Egg---->");
68     age = scanner.nextInt();
69
70     System.out.println("The id--> "+ id +"; name --> "+ name +"; color --> "+ color +"; Age --> "+ age);
71
72     System.out.println("Good Luck");
```

Output - Farm (run)

```
chicken 2 --> Chicken{id=2, name=Maruja, color=black, age=1, isMolting=true}
Please enter data for chicken -->
---->id<----
15
- name -->
angel
--color-->
red
Egg---->
7
The id--> 15; name --> angel; color --> red; Age --> 7
Good Luck
BUILD SUCCESSFUL (total time: 16 seconds)
```

Output

37:53 | INS
