The image shows a screenshot of a graphical user interface (GUI) window titled "Menu". The window has a light gray background and a standard macOS-style title bar at the top with a red close button, a yellow maximize button, and a green window control button. On the left side, there are five labels: "Serial number", "Brand", "Model", "Ram", and "Storage". Each label is followed by a white rectangular input field. On the right side of the window, there are two buttons: "Delete" and "Exit", both with a light blue gradient and rounded corners. The "Delete" button is positioned above the "Exit" button.
