21 GUITARRA SANCHEZ JHON ALEXANDER

The screenshot displays the MongoDB Atlas interface for 'Project 0'. The top navigation bar includes 'Guitarra's Org - 202...', 'Access Manager', 'Billing', 'All Clusters', 'Get Help', and a user profile. The left sidebar lists navigation categories: DEPLOYMENT, Databases (selected), DATA SERVICES, and SECURITY. The main content area is titled 'Database Deployments' and features a search bar and a '+ Create' button. A deployment card for 'Cluster00OP' is shown with buttons for 'Connect', 'View Monitoring', 'Browse Collections', and a menu icon. To the right of the card are 'FREE' and 'SHARED' labels. Below the card, four metrics are displayed with line charts: Read/Writes (R/W), Connections, In/Out traffic, and Data Size. Each metric shows values for the 'Last 2 hours'. An 'Enhance Your Experience' banner is visible on the right, encouraging an upgrade to a dedicated cluster. At the bottom, a table header lists columns: VERSION, REGION, CLUSTER TIER, TYPE, BACKUPS, LINKED REALM APP, and ATLAS SEARCH. The Windows taskbar is visible at the very bottom.
