The image shows a hand-drawn UI mockup on graph paper. It is titled "Computer Information" and has a "- D X" label in the top right corner. The form contains several input fields and a dropdown menu. On the left, there are five labels: "Serial Number", "Brand", "PRICE", "Ram 6B", and "Storage 6B". Each label is followed by a rectangular input field. A bracket on the right side of these five fields is labeled "Text Field". To the right of the "Serial Number" field, there is a "New" label followed by a dropdown menu. The dropdown menu has two options: "D Yes" and "D No". A bracket on the right side of the dropdown menu is labeled "Combo Box". Below the input fields, there is a "Button" label. Below the "Button" label, there are four buttons: "Save", "UPDATE", "DELETE", and "DISPLAY".
