

## OOP HW17 - EVENTS VALIDATE FIELDS

DATE: 27th january 2022

3 ALVAREZ RAMIREZ MICHELLE ESTEFANIA

The screenshot shows a Java Swing window titled "REGISTRATION" with a light blue header. It contains five text input fields: "Id Number:" (containing "1158642815"), "Last Name:" (containing "Ramirez"), "Name:" (containing "Estefania"), "Salary:" (empty), and "Date of Birth:" (containing "17 ene. 1990" and a calendar icon). To the right of each field is a green status message: "Id Number format is OK.", "Last Name format is OK", "Name format is OK", and "Error !! Enter only float numbers from 0 to ...". At the bottom are five buttons: "Add", "Find", "Update", "Delete", and "Exit". A "Message" dialog box is open in the foreground, displaying an information icon and the text: "This field must be filled only with float numbers from 0 to 9, using the separator < >". The dialog has an "OK" button.
