Atlas atlas-m23phr-shard-0 [primary] myFirstDatabase>

```

The screenshot shows the MongoDB Atlas web interface for a project named 'JOSE DANIEL's Org'. The left sidebar contains navigation options: DEPLOYMENT, Databases (selected), DATA SERVICES, and SECURITY. Under 'Databases', 'myFirstDatabase' is selected, and 'Objects' is the chosen collection. The main panel displays 'myFirstDatabase.Objects' with a collection size of 140B, 3 total documents, and a total index size of 36KB. A filter bar shows a query: `{ field: 'value' }`. Below, the 'QUERY RESULTS 1-3 OF 3' are listed:

Document	Details
1	<code>{ "_id": ObjectId("61d58eef030e2cfee23fc57"), id: 1, model: "Toyota" }</code>
2	<code>{ "_id": ObjectId("61d58f23f030e2cfee23fc58"), id: 2, model: "BMW" }</code>
3	<code>{ "_id": ObjectId("61d58f59f030e2cfee23fc59"), id: 3, model: "Audi" }</code>

At the bottom of the interface, there is a Windows notification: 'Activar Windows. Ve a Configuración para activar Windows. Mostrar todo'.
