

## OOP WS27 EXAM REVIEW Q71-100

**DATE: 20th december 2022**

7 ASUMAZA GUALOTO DYLAN ALEXANDER 5+5+0=10/20

Inspector: Katherin Bravo

Feature: CREATE

The screenshot shows a web application titled "INVENTORY". Below the title is a section labeled "Add Products:". This section contains six input fields arranged vertically, each with a label to its left: "ID:", "Name:", "Brand:", "Purchase Price:", "Quantity:", and "ID Provider:". Each label is followed by a white rectangular input box. The entire form is set against a light gray background.

This screenshot shows the bottom portion of the "INVENTORY" application. It continues from the "Add Products:" section, showing the "Purchase Price:", "Quantity:", and "ID Provider:" labels and their corresponding input boxes. Below these fields, there is a horizontal row of four buttons: "SAVE", "DELETE", "UPDATE", and "DISPLAY". Each button is a small gray rectangle with black text. The background is light gray.

MongoDB Database:	5/5
Diseño GUI	5/5
Working application	0/10 (Screen+MongoDb Atlas)
Wrong Working application	0/7.5 (Screen + MongoDB Atlas)
